

This is file is to indicate that there are supplemental files in the form of videos for this thesis (Modelling ice island calving events with Finite Element Analysis). They each have a DOI number already and will be uploaded directly to the library. The file and DOI for Appendix 9.1 is as follows:

BSS\_localized.mov (<https://doi.org/10.22215/etd/2020-m011701.2>)

Thank you,
